## REFUSE REHEARING

SUPREME JUDGES SETTLE LINEBAUGH CASE FOR GOOD.

## PROBATED NEXT FALL

Appellants Claimed an Instruction Was Overlooked—Mandate to Be Entered in September Term.

The Linebaugh will case, involving the \$300,000 estate of Jacob Linebaugh, who died in October, 1910, has at last been settled. After the decision of the state supreme court, June 30, 1914, sustaining the will, the appellants, eight grandchildren of Jacob Linebaugh, filed a motion for a rehearing, but last Tuesday the court overruled the motion.

The appellants, in asking for a reconsideration of the case, stated that the supreme court had overlooked the fact that the circuit court here had refused to grant a certain instruction. The instruction was in regard to a discrimination in the will which gave some of the heirs more than others and thus showed, the appellants claim, that the testator, Jacob Linebaugh, was of unsound mind and had been unduly influenced in making the will. In answering the statement, the supreme court says the circuit court did not err in declining this instruction, as the point was fully covered by other instructions.

The mandate of the supreme court will be entered at the September term of circuit court, and the final dispositions of the case in probate court will be made afterward.

The case has been in litigation since June 28, 1911.

## STANBERRY GIRL FREE.

Grace Maudin Jones Dismissed When Iowa Jeweler Pays Costs.

The following is from the St. Louis Republic about a Stanberry girl:

Miss Grace Maudin Jones, "the girl with the \$10,000 wardrobe," who was arrested February 8 as a fugitive from justice on an \$800 bond, was released in Judge Clark's court yesterday when the case was dismissed after Emil H. Leffert, the complaining witness, had agreed to pay the costs.

Miss Jones, was accused of having left the Iowa town, having in her possession three diamond rings, valued at \$932, taken out on approval from Leffert's jewelry store.

St. Louis detectives trailed her by means of her excessive baggage from union station to the Planters hotel, thence to a house on Olive street and finally to a pretentious apartment in the 5900 block on Washington avenue.

Her trunks when brought to police headquarters, revealed a remarkable assortment of gowns, hats, shoes and lingerie.

Miss Jones is at the Missouri Baptist sanitarium suffering from nervous of the spine, from which she may not recover, physicians say.

While in St. Louis Miss Jones became engaged to Joseph Schneider, 25 years old, a clerk in Jantzen's pharmacy, 4401 Olive street. Schneider engaged attorneys to defend the girl and resisted the efforts of the Iowa authorities to have her returned to Council Bluffs for trial.

Miss Jones is the daughter of Rev. L. W. Jones of Stanberry, Mo.

## A MISSOURI PRODUCTS DAY.

Would Observe Day and Commercial Associations Co-Operating in Exploiting Missouri Products.

Secretary Jewell Mayes of the state board of agriculture is planning a Missouri products day. The plan of Mr. Mayes, says the Columbia Tribune, contemplates that on the day to be designated as Missouri products day, all Missourians will eat and use, so far as is practical, only Missouri products. School children will be asked on that day to take in their dinner basket only edibles that were grown or produced in the state. Merchants will be asked to make their sales on that day, in so far as they can, from articles manufactured in Missouri factories or produced on Missouri farms or from Missouri manufactures.

Mr. Mayes will take the matter up with Governor Major next week and will ask that after his plans have been formalized, a day be set aside by governor to be observed as Missouri products day. He will also ask for operation of the allied commercial clubs of the state, the State association and other organizations of the state that may be in line with this movement.

Mr. Mayes says that the Mississippi recently held a successful Mississippi product day that he will pattern after that state.

To Visit Cover. Miss Ada Alford will leave Friday morning for Dover, where she will spend several weeks as the guest of her father.

## WERE IN CLARINDA TORNADO.

Six Young Persons From Maryville Unhurt in Storm Last Night—Shenandoah Struck Again.

The Democrat-Forum received a message today from Philip Colbert, who, with five other Maryville young persons went to Clarinda, Ia., yesterday morning, saying that a tornado struck that city about 7:30 o'clock last night, doing great damage. None of the Maryville persons, Misses Vella Booth, Mary Lewis, Olivette Godsey and Brownie Helpley and Verne Pickens and Philip Colbert, were hurt, although the house in which they are staying was slightly damaged.

The storm uprooted large trees and tore down buildings, and at Shenandoah, Ia., twenty miles west, the damage was greater than at Clarinda. This is the second tornado to strike Shenandoah within the week, the first one coming upon the town last Sunday evening and doing great damage.

The young persons from Maryville had been in Clarinda but a few hours when the storm struck the town. They went there to attend a house party given by Miss Doris Richardson, and will return home Saturday.

## NO 'PHONE COURTING THEN.

Early Instruments Made Private Conversation Impossible

Courting over the telephone was effectively barred when the "daddy of the telephone" was used in Missouri just prior to the introduction of the electric apparatus. The conversation of the person at the other end of the line could be heard all over the house.

Few persons now living have ever seen one of the old instruments. Even among those in the telephone business the old phone is almost a stranger. Large crowds of passers-by were attracted to one when it was recently exhibited in the window of a Kansas City telephone office. A large placard headed, "The Daddy of the Telephone," gave a brief explanation of the old telephone, which was used just prior to the introduction of the modern telephone about thirty years ago.

The old telephone was the same thing, on a larger scale, as the tin can telephone used by two boys between two back yards. It consisted of a large, tight wire with a stretched leather drum at each end. The drum was about five or six inches in diameter, and was stretched across a hole in a wooden box about a foot square and four inches thick. In the center of the drum, which was bent inward, was an iron knob, which was anchored to the box, and to which the wire was attached. This instrument served both as transmitter and receiver. To call the other end of the line one tapped on the metal knob. This made a noise something like a drum at the other end.

The wire used carried no current whatever. It was a six-ply wire, about as thick as a pencil. It was stretched from one house to another on poles. Frequently, however, it was just stretched across the houses. People were so desirous of seeing the new invention worked that they were willing to let a neighbor drive a nail in their houses to hold up the wire. The wire carried twenty pounds tension. It was held up by rope loops. The tension in the wire carried the vibrations of the voice.

About a mile and a half was the farthest the old tension phone was ever used—University Missourian.

## M. E. Ford to Raise Stock.

## FAVOR ROAD DAYS

TOWNSHIP TRUSTEES PLAN AUGUST, 18-19 CAMPAIGN.

## THEY ASK ALL TO AID

Weeds Are to Be Cut, Corners Fixed, Holes Filled—Will Appoint District Captains.

The board members of Polk township is heartily in favor of another Good Roads Days campaign, as planned by Governor Elliott W. Major. The first of these campaigns was originated by Governor Major last summer, and the estimated improvement of the roads due to the work of 250,000 volunteers was valued at \$1,500,000.00. August 18 and 19 have been set aside as the Good Roads Days this year by the Governor.

E. H. Bainum, chairman of the township board, said today that plans were being made for extensive repairs on the township roads those two days. The board asks that every able bodied man in Polk township do his part in the road building. The trustees want the weeds along the roads cut, the corners fixed and made free from obstructions to view, ruts and holes filled and the roads put in first class condition.

This is different work from that which is being done with the \$50,000 bond issue. That money is being used for permanent repairs, the building of concrete bridges and culverts. This kind of work was not being done at the time of the "good roads days" last year, and the volunteer workers had to devote much of their time and labor to the repairing of wooden culverts. They will not have to do so again, but can put all of their work into temporary repairs, repairs that are made necessary each year by the wear of the travel on the roads.

The work will be carried on under the supervision of the township engineer, and the board will appoint captains to take charge of the work in each district. Complete plans will be worked out by the trustees before the time of campaign arrives, in order that the work may be made more effective.

County Highway Engineer John Clary is also in favor of the movement. Last year he issued a proclamation asking the people of the county to observe the days, and he organized the work of the county. He will do the same again this year, and it is very probable that the other township boards will take up the work as the Polk township board has.

## SUES FOR \$500 DAMAGES.

Rollin O. Whitnack Asking For That Amount from Walter Cochran as a Result of an Auto Collision.

A suit was filed in Circuit Clerk Rathbun's office today by Cook, Cummings & Dawson, attorneys, for Rollin O. Whitnack vs. Walter Cochran for \$500 damages. The petition states that the plaintiff was the owner of a 1900 automobile and on May 26, 1914, he was lawfully and in a careful manner driving his car going east along the public road leading from Clearmont to Burlington Junction. The defendant's auto, driven by his son, was going at a reckless and dangerous rate of speed, the petition alleges, and as they approached each other, the plaintiff promptly turned out to the edge while the defendant negligently failed to turn and collided with plaintiff's car.

Another suit filed today was A. F. Mutti and E. R. Brown vs. Charles M. Butler for an account for \$70.17. Cook, Cummings & Dawson are the attorneys for the plaintiffs.

## FINDS NEW FANGLED FLY.

It Attacks Horses, Not Wheat—Uncle Billy Tame Calls It a "Little Gray Devil."

Uncle Billy Tame of Hopkins, says the Journal, reports the presence of a new pest in this section—a little gray fly that causes stock more uneasiness than the big, old fashioned green heads.

He says when one of these little gray devils gets the right focus on a horse or cow, it will cause the animals to fairly jump out of their hides.

## Has 135 Acres of 40-Bushel Wheat.

Burman Wells has been threshing the wheat from his 135-acre crop this week, and it has averaged forty bushels to the acre. When the university men were here last spring inspecting the fields for the Hessian fly, they said that Mr. Wells' wheat was in the best condition of any fields they had seen.

## Miss McGrew Ill.

Miss Hallie McGrew, who makes her home with her sister, Mrs. Al Hefflin of Wilcox, has been ill for several weeks and her condition is serious.

## Attending Skidmore Chautauqua.

Mr. and Mrs. John Yates and family and Fred Diss went to Skidmore Thursday to attend the Chautauqua.

## MRS. STURM DEAD.

Widow of John Sturm Died Wednesday Afternoon—Funeral Friday Morning.

Mrs. Magdalene Sturm, the widow of John Sturm, and one of the best known residents of Nodaway county, died Wednesday afternoon at the home of her son, Mike Sturm, three miles south of the city.

The funeral services will be held Friday morning at 9:30 o'clock at St. Mary's Catholic church, conducted by Rev. Father Willibrod. The interment will be made in St. Mary's cemetery. Mrs. Sturm was nearly 81 years old. She had always enjoyed remarkably good health until a few months ago. After the death of her husband, John Sturm, on April 9, 1913, she made her home with her children, and last winter spent the time with her son, Nick Sturm, and family in Maryville. About two months ago she went to the country home of her son to visit, and there was taken ill, her health failing gradually until her death.

Mrs. Sturm was born in Luxenberg, Germany, September 18, 1839. When quite a small girl she came to America to make her home. She is survived by ten children, Nick Sturm of this city, John Sturm of Clyde, Peter Sturm of St. Francis, Kan.; Charles Sturm of Alberta, Canada; Mrs. Sue Schumacher of Chicago, Mike and William Sturm, living south of the city; Mrs. Kate Mulholland of Pueblo, Col.; Matt Sturm of Conception and J. Theo. Sturm of Oklahoma City. All of the children were with their mother at the time of her death, with the exception of Charles, who is expected in the city Thursday night from Canada.

## NEW BOOKS AT LIBRARY.

In the List is the \$10,000 Prize Novel, Which the Reviewers Score.

A list of new books placed on the library shelves Wednesday includes a dozen popular fiction numbers and some new juvenile stories, particularly good for the summer months reading.

Among the books is "Diane of the Green Van," by Dalrymple, the novel that won the \$10,000 prize last spring for being the best novel out of more than 500 manuscripts submitted. The book reviewers have scored the judges, some of the most prominent literators of the country, for giving the prize to this book. Although the reviewers give it credit for being very readable for the summer season, they say it is a combination of the types of novels of the more famous writers of today. The hero follows his sweetheart, who is traveling over the country in a green van, and between every few sentences he smokes a cigarette or drinks a glass of whisky. This continues throughout the book.

The list is as follows: Peg o' My Heart, Manners. The Third Diamond, Ellis. Fanny of the Forty Forks, Mathews. Diane of the Green Van, Dalrymple. Ariadne of Allanwater, McCall. Pollyanna, Porter. Miss Billy Married, Porter. Penrod, Tarkington. World Set Free, Wells. The Red Emerald, Scott. The Doctor's Dilemma, Shaw. Jane Sunshine, Warner. The Hoosier Volunteer—K. and V. Boyles.

Boy Scouts on Swift River, Burgess. Wild Animals at Home, Seton. The Brownies Many More Nights, Cox.

Nancy Lee's Spring Term—Warde. Annie Laurie and Azelea, Peattie. Polly of Lady Gay's Cottage, Burgess.

Mother West Wind's Neighbors, Burgess. The Good Naughty Book, Rippey. Misadventures of Three Good Boys, Shute.

## Visiting Parents.

Mrs. Lula Dever and children of Wellington, Kan., are visiting in Maryville with her parents, Mr. and Mrs. James Gile.

## Colorado Visitor Here.

J. H. Moore of Colorado Springs, Col., arrived in Maryville Wednesday to spend a few days with his daughter, Mrs. Lincoln Bent.

Mrs. Ida Landon of Silver City, Ia., arrived at Bedison Thursday morning to visit Mr. and Mrs. Elmer Young.

## FIRST MAN GUILTY

FRANK SCULL FINED \$25 FOR GIVING LIQUOR TO DRUNKARD.

## ANOTHER ARREST MADE

Chet Gilbert Pleaded Not Guilty and Will Be Tried Monday—Two Cases Tomorrow.

Frank Scull, the first of three men to be tried on a charge of giving liquor to David Ferries, an habitual drunkard, was found guilty by the jury this morning and fined \$25. The other two men, T. J. Parle and William Blatter will be tried tomorrow, Mr. Parle at 9 o'clock in the morning and Mr. Blatter at 1 o'clock in the afternoon.

Mr. Scull was arrested yesterday morning upon information filed against him by David Ferries. He pleaded not guilty, and the case had to be set for today and tried before a jury. The jury members were: Paul Saxon, foreman, Reuben Young, Edward Otis, W. L. Robey, John Porter and George Wallace.

The evidence brought in the trial this morning substantiated Mr. Ferries' statements and was denied by no one except Mr. Scull. Mr. Ferries was first brought to the witness stand. He said that he was strongly addicted to the use of liquor, was barred from the saloons and had to have other men get liquor for him. He said that Mr. Scull and the other men named in his information had procured liquor for him.

Mr. Ferries' testimony showed that on or about June 20 of this year, in the presence of several persons in front of Kane's saloon, he had given a \$5 bill to Frank McClain and asked to have it changed so that he could get a quarter out of it. Mr. McClain went into the saloon, had the bill changed and returned to Mr. Ferries with the money. Mr. Ferries then turned to Frank Scull and gave him a quarter. Mr. Scull went into the saloon, came out in a few moments and went to the courthouse. He was followed by David Ferries. This part of the testimony was corroborated by Mr. McClain and Mr. Scull. Mr. Scull said that the quarter given him was in payment of a debt.

Mr. Ferries then said that he met Mr. Scull in a toilet in the courthouse, that they each took a drink from a half-pint bottle of whiskey, and that he took the bottle from Mr. Scull, put it into his pocket and left. Mr. Scull denied that he gave any whiskey to Ferries. Under cross examination, Mr. Scull admitted that he served a term in the penitentiary at Jefferson City for receiving stolen goods.

W. H. Crawford, city attorney and Charles McCaffrey, attorney for Mr. Scull, were the lawyers in the case.

The penalty for the offense of which Mr. Scull was found guilty may range from \$1 to \$100.

Chet Gilbert was arrested today on information filed by David Ferries, charged with same offense as that charged against Parle, Blatter and Scull. His trial has been set for Monday.

## NASH FUNERAL THURSDAY.

Body of Hopkins Man Buried Thursday Afternoon.

The funeral services of William Nash of Hopkins, who died Tuesday morning at the Soldiers' home in Leavenworth, were held Thursday afternoon at 2 o'clock at the home of Sargent Nash of Hopkins, conducted by the Rev. Harley Swift, pastor of the Christian church. The body was interred in the Hopkins cemetery.

## Hopkins Superintendent Elected.

## Returns to Creston.

Mrs. A. J. Hollenbeck of Creston, Ia., who has been taking treatment at the D. C. Wilson infirmary, returned to her home Wednesday.

Joseph Jackson, Sr., has bought a new Ford touring car.

## THERMOMETER GETS 98 HABIT.

Heat Just Won't Go Higher, Although People Swear It Does—1 Inch of Rain.

No, the thermometer didn't soar above the 100 mark yesterday, although many persons swore it did. Mr. Brink's machine has contracted the 98 habit, and can't get over (or above) it. Yesterday did seem one of the warmest days of the year, however, because of the humidity. In the evening the low hanging clouds made it seem warmer than it was in the middle of the day. The minimum was 71.

The temperature at 1 o'clock this afternoon was 96, and the little shower that fell this morning filled Mr. Brink's measuring tank to the 1 of an inch mark.

## SERVICES UPTOWN

UNION MEETINGS TAKEN FROM FRANKLIN SCHOOL YARD.

## BEGIN NEXT SUNDAY

The Rev. S. D. Harkness to Preach First Evening—Street Will Be Roped Off and Cleaned.

The union Sunday evening meetings of the five Protestant churches will begin next Sunday, July 19. The place of the meetings has been changed from the Franklin school yard to the court house square.

The Ministerial Alliance today announced a change in the plan for the outdoor union services to be held during the hot weather. The original intention was to hold these services on the Franklin school grounds, but the county court has given the churches permission to use the band stand in the court house square, provided the people "keep off the grass."

The city officials have given their consent for the roping off of Main street west of the square, during the service so that the audience will be seated directly west of the band stand, and automobiles will be parked on the north side of the square.

The street space to be used will be cleaned before each service, and plenty of comfortable chairs will be placed for the use of the congregations. At 8 o'clock next Sunday evening the first service will be held. The Rev. S. D. Harkness will preach and the Baptist choir will be in charge of the music.

The ministers who will preach at the other meetings are: July 26, the Rev. Gilbert S. Cox of the First Methodist church. August 2, the Rev. L. M. Hale of the First Baptist church. August 16 and 23, Chautauqua. August 30, the Rev. J. D. Randolph of the Buchanan Street Methodist church.

## To Visit at Barnard.

Mrs. D. C. Wilson went to Barnard Wednesday evening to spend a few days with her cousin, Martin Baker, and family.

## THE WEATHER

## TELLS SHERIFF TO HOLD CAR.

J. C. Dawson Didn't Want Son to Get Auto From Garage, but Duane Drives It Home.

Duane Dawson, who ran away from his home in Grant City, Mo., Monday with his father's six-cylinder car, came to Maryville and had trouble in cashing a check to pay his garage bill, didn't get the car after the bill was settled. His father, John C. Dawson, of the Citizens bank of Grant City, telephoned to Maryville this morning and asked that the sheriff hold the car. He said a driver would be sent from Grant City to get it. But Duane fired a shot to return home, and at noon took the car in the same direction. He had car to a banker at Tuesday who was ordered to father a check.

## LINEBAUGH SUED

SEDUCTION IS CHARGED AGAINST WILLIAM, GRANDSON OF JACOB.

## ABBOTT ASKS \$15,000

Lulu Abbott Is 17-Year-Old Mother—Suit Coincident With Settlement of \$300,000 Will Case.

Information was filed today against William W. Linebaugh, grandson of the late Jacob Linebaugh, the suit over whose will has just been settled, charging him with the seduction of Lulu F. Abbott, the 17-year-old daughter of Charles S. Abbott, a farmer who lives near Elmo. Sheriff Wallace went to Clearmont this morning and served the papers on Mr. Linebaugh this afternoon.

Miss Abbott is the mother of a few months old baby, and her father, in suing Linebaugh, asks for \$15,000 damages, \$10,000 actual and \$5,000 punitive damages.

The information filed against Mr. Linebaugh says that in January, 1913, by false promises, he seduced and assaulted Miss Abbott, and that he repeated the offense at divers times later. Charles S. Abbott, the father, says that due to the disgrace to the girl and the family and the loss of her services about the home, and the expenses connected with her sickness attendant upon the birth of her child the family has been greatly damaged, and he asks that the court give him judgment for \$15,000 and costs.

The case will be brought to trial in the September term of court. Mr. Abbott's attorneys are George Pat Wright and M. E. Ford.

The filing of this charge against young Mr. Linebaugh, who is one of the heirs to the \$300,000 estate of Jacob Linebaugh, is coincident with the supreme court's decision overruling a rehearing of the case. This decision finally settles in favor of the defendants the matter of the suit to break the will.

## N. R. STAPLES BADLY INJURED.

Burlington Junction Man Seriously Hurt in the Storm at Clarinda Wednesday.

N. R. Staples of Burlington Junction was very seriously hurt Wednesday afternoon during the tornado at Clarinda, when he was struck on the head with the falling limb of a tree. The impact rendered Mr. Staples unconscious, and he remained in that state all night, and Thursday morning he rallied slightly, but his condition is very critical. On account of the wires between Clarinda and Burlington Junction being broken in the storm, the reports of Mr. Staples' condition have been meager.

The injured man's father, Judge W. W. Staples, accompanied by his son Bert and his nephew, Will Staples, left for Clarinda in an auto Wednesday evening. At the time of the accident Mr. Staples and his wife were visiting at Clarinda and were driving along the street in their auto when the tornado broke. Mr. Staples is being taken care of at the Henshaw hotel.

## SKIDMORE CHAUTAUQUA.

Special Entertainers Engaged For Saturday in Place of Wednesday Company.

Because of the failure of the Chicago Ladies' Orchestra to arrive in Skidmore to furnish the Chautauqua program Wednesday, the management of the week have obtained another company to give a program Saturday, and the Chautauqua will not close until Saturday night instead of Friday. The Chicago company missed a train, and in the absence of the regular scheduled number an impromptu entertainment was given by some Skidmore talent. The Saturday entertainers are of high grade and will give the people one of the best programs of the week.

### A LORD'S DAY CONGRESS.

International Assembly, Open to All,  
Will Meet at Panama-Pacific  
Exposition.

One of the most important and outstanding of the assemblies which will convene at the Panama-Pacific exposition, will be the International Lord's Day Congress, to be held in July.

In keeping with the custom of giving large place to such a congress at international expositions, representatives of various Lord's Day and Sabbath organizations, since first meeting together in New York on January 22 last and determining upon such a congress, have given much time and thought to the development of all necessary plans. The preliminary arrangements are already well advanced. A general committee of Arrangements has been organized and an Executive Committee elected, to which has been committed the principal work of perfecting the plans of the congress.

There is an honorary council, consisting of the presidents of great organizations, uniting in the arrangements together with prominent leaders in state and church, in education and industry, throughout the civilized world. At the head of the honorary council is the President of the United States, Woodrow Wilson.

The platform of principles has been prepared, setting forth the meaning of the Sabbath and pointing out the duty of all the great historic branches of the Christian church in its regular observance of the Lord's day as the day of rest and worship. It states the aim of the congress and shows the relation of the state to the Lord's day, and holds "that the weekly rest-day has become a civil institution, embodied in law and custom, thus safeguarding the physical, social, economic and spiritual privileges of all citizens." This platform of principles and the program now being prepared will later on be published in full.

The program will cover the broad question in all its world-wide aspects. There will be first of all a world's survey, country by country, of the conditions of the problem in every land.

In addition the congress will deal (1) with the religious and moral aspects of the Sunday problem, (2) with the industrial and economic, (3) with the hygienic and social, (4) with the legal and governmental.

There will also be an attempt to formulate a program for a concerted advance and for the direction of those who are interested in promoting the due observance of the Lord's day.

Not only all Lord's day and Sabbath organizations, churches, Bible schools, religious and educational societies are invited to enroll among those promoting the congress and to send delegates to its meetings, but also workingmen's unions, associations of trades, manufacturers, commerce, reform and civic and social betterment.

### AUTO RACES WITH TRAIN.

**Hopkins Man Speeds His Car Faster Than the Burlington From Maryville Home.**

Sam Tatman, the Barney Oldfield of Hopkins, was at the depot in Maryville the other day when the noon passenger pulled out for this city. He jumped in his Buick and had the car backed up at the Pickering depot when the train pulled into that town.

He waited until the conductor gave the "highball" for Hopkins, when he hopped into the auto, pulled her wide open and shot up the bottom road like a streak of lightning, beating the passenger train to the McCleave crossing with ease. Many watched the race from the car windows and say Mr. Tatman fairly burned the roads. Such driving is too dangerous to be tolerated; not only dangerous to those making the fast run, but dangerous to all who happen to be on the highway. —Hopkins Journal.

### Meat Prices in New York Go Up.

New York July 16.—Retail prices of meats were raised 1 to 3 cents in New York City. Dealers state that wholesale prices of beef—now higher than at any time before in twenty years—have increased 4 cents and retail prices 7 cents in three weeks in the New York cattle market, reaching 10.65 cents per pound for cattle on the hoof in Jersey City this week. In pork a rise of 20 cents has been recorded, while mutton alone has not increased in price.

### Shoots Sweetheart and Kills Himself.

San Francisco, July 16.—Decoying his sweetheart, Miss Alice Wallace, into a private booth in a cafe, George Hauglin, a sailor of the cruiser West Virginia, shot her through the body and then killed himself. Miss Wallace has slight chances of recovery. Austin, who just returned from a cruise, alleged that the young woman has been receiving attentions from other men.

### Militants Attack Cabinet Minister.

London, July 16.—Two militant suffragettes made a violent attack on Thomas McKinnon Wood, secretary of state for Scotland, as he was leaving his residence. The women were armed with heavy horsewhips, with which they struck Mr. Woods several times across the shoulders. They were arrested.

### Nurse Accused of Killing Partner.

San Jose, Cal., July 16.—Evelyn J. Rinehardt, a nurse, sought for the alleged murder of her companion and partner, Mrs. Kathleen Blunt, was arrested here on a warrant issued in Placer county. Miss Rinehardt is charged with having killed Mrs. Blunt in order to collect her life insurance.

### Gives Up Attempt to Swim Channel.

### MARYVILLE DRUGGIST HAS VALUABLE REMEDY

The Koch Pharmacy has the Maryville agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. The simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. The QUICK action of Adler-i-ka is astonishing.

### BETTING IN LONDON IS NEARLY EVEN

Odds on Smith-Carpentier Fight  
Slightly Favor Frenchman.

London, July 16.—Boxing experts here show a remarkable even division of opinion as to the chances of "Gunboat" Smith, the American heavyweight, and George Carpentier, the French heavyweight champion, in their twenty-round match to be fought at Olympia tonight. The betting odds were perhaps a shade in favor of the Frenchman, but this was due probably to the enthusiasm of his countrymen, great numbers of whom have crossed the English channel to support their hero. They brought with them a great deal of money to back their compatriot, whom they describe as a "fighting boxer," while they call Smith a "boxing fighter," and they contend that science is bound to defeat the transatlantic punch.

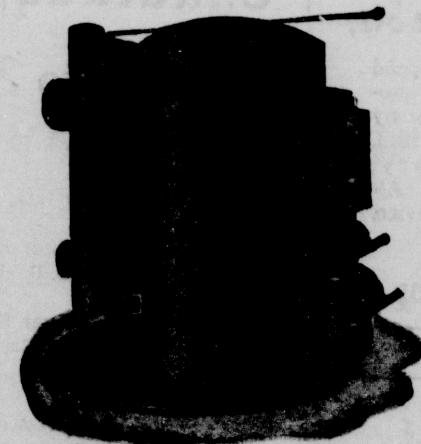

Interest in the contest is enormous and the attendance promises to create a record for this country.

Miss Ethel Muntz of Bedford, Ia., visited friends in Maryville Wednesday and left in the evening for Burlington Junction to visit Miss Bertha Schmauder.

J. W. Anderson of Clayton, Ill., is visiting at Ravenwood with his daughter, Mrs. G. Gay, and family.

## The Lenox Torrid Zone Steel Furnace

Has been on the market one-fourth a century and we have installed them for nineteen years. This is a long time to stick to one make of furnace, and, of course, there is a reason for so doing. Experience has proven **Torrid Zone Furnace** to be far superior and durability economy of fuel and efficiency in delivering warm air to the rooms desired.

### Construction.

The **Furnace Shell** one piece of steel, the top, bottom and feed door frame is of steel and riveted, gas tight, wrought steel rivets driven home with pneumatic riveters.

The **Radiator** is hung to the smoke outlet on a **WEDGED JOINT**, the more the heat expands the tighter the joint becomes. The **DIVIDING FLUE** extends to within eight inches of the bottom causing the heat to travel three times the length of the radiator before passing into the smoke flue.

These are a few of the many reasons of the **Torrid Zone's** success as a warm air heating plant. Bring in your plans and let us furnish estimates on heating the home.

**Hopkins Is "For" Moses Nusbaum.**

The Hopkins Journal says today that there is no man in the county who excels Moses Nusbaum of Maryville. This statement is due to the fact that Mr. Nusbaum sent \$1 there the other day for the purchase of four tickets to the benefit ball game for Mr. Rickard, a Hopkins player who broke his leg in the game there the Fourth. Mr. Nusbaum said he could not attend the game, but he wanted the four tickets nevertheless.

**HUERTA RESIGNS;  
QUITS CAPITAL**

Presents Long Expected Document to Chamber of Deputies.

**CARBAJAL ASSUMES OFFICE.**

Name of Provisional President is Cheered by Members of Parliament. Body and Spectators Present. All Members of His Cabinet Resign.

Mexico City, July 16.—General Victoriano Huerta resigned from the provisional presidency of the Mexican republic and his resignation was accepted by the senate and chamber of deputies by a vote of 121 to 17.

Francisco Carbajal was then appointed president and took the oath of office at the joint session of deputies and senators.

Huerta's resignation was submitted through the department of foreign relations. It was read in the house and greeted with cries of "Viva Huerta!" It was then referred to the joint committee of governance. After brief consideration the committee reported, accepting the resignation in the following terms:

"Article I.—We accept the resignation presented by General Victoriano Huerta as president of the Mexican United States.

"Article II.—We call Licentiate Francisco Carbajal, minister of foreign relations, to assume the presidency."

A ballot was taken and the joint session approved the report.

President Carbajal proceeded to the national palace under an escort of presidential guards and all along the way was greeted with tumultuous cheering.

General Huerta and General Blanquet have left the capital. They boarded a train on the Mexican railway a few miles beyond the city. It is thought they are going to Puerto Mexico.

Before his departure Huerta went to the national palace to pay his respects to President Carbajal.

There was complete lack of disorder in the capital and the theaters and cafes were crowded. The populace is now hopeful that peace is in sight. Huerta's popularity apparently increased greatly after his resignation, as Mexicans now look upon him as a good loser.

**Scores U. S. Government.**

The text of General Huerta's resignation follows:

"Deputies and Senators: You all know the immense difficulties which my government has encountered owing to a scarcity of funds, as well as to the manifest and decided protection which a great power of this continent has afforded to the rebels—so much so that when the revolution had been broken up, seeing that its chief leaders were and continued to be divided the power in question sought a pretext to intervene directly in the conflict and the result of this was the outrage committed at Vera Cruz by the American fleet.

"Success was had, as you know, in adjusting honorably, through our delegates at Niagara Falls, the petty Tampico incident, but the revolution continued with the support of whom we all know.

"After the highly patriotic work achieved by our delegates at Niagara Falls there are still some who say that I seek my personal interest and not that of the republic. And as I need to refute this allegation with facts I tender my formal resignation of the presidency of the republic.

"The national congress must know that the republic, through its government, has labored in entire good faith and with the fullest energy, having succeeded in doing away with the party, which in the United States calls itself Democratic, and having shown how the right should be defended.

"To be more explicit, I will say that the action of the government of the republic during its short life has dealt death blows to an unjust power. Later on stronger workers will come, using implements that undoubtedly will end that power, which has done so much harm and committed so many outrages on this continent.

"In conclusion, I will say that I abandon the presidency of the republic carrying with me the highest sum of human wealth, for I declare that I have arraigned at the bar of universal conscience the honor of a Puritan, whom I, as a gentleman, challenge to wrest from me that possession.

"May God bless you and me."

Victoriano Huerta took oath as provisional president of Mexico on Feb. 19, 1913, the day after Francisco I. Madero had been arrested at the national palace. Three days later Madero and Jose Maria Pino Suarez, vice president, were shot to death on a midnight ride under guard from the palace to the penitentiary. The manner of the death has never been satisfactorily explained.

**Villa Is Vexed.**

Juarez, Mexico, July 16.—"I would much prefer that Huerta had remained in the chair in Mexico City until we could get our hands on him," General Villa said in Juarez when he learned of Huerta's reported resignation. "That is the only comment I care to make on the subject," he added. "I am a soldier of my country and do not care to express my opinion of the traitor's resignation."

**SECURE MILLIONS  
BY MAIL FRAUDS**

Nine Connected With Barr and Widen Convicted in Chicago.

Chicago, July 16.—The closing chapter in the Barr & Widen case, involving charges of obtaining an aggregate of \$1,000,000 by fraudulent use of the mails, was written in the United States district court here when nine defendants connected with the company were convicted. The firm was founded in 1901 by James Barr and Joseph Widen as the Barr & Widen Mercantile Agency and at first did a legitimate business. Barr dropped out and Abram H. Freeman and Frederick Wendler came in.

The firm was accused of duping creditors or bankrupt firms by stating that it could recover hidden assets. In this way they received large premiums from persons all over the country, but recovered from bankrupt firms were practically nil.

When the government brought its charges Widen committed suicide, taking poison on his mother's grave in a St. Louis cemetery. Those convicted were Abram H. Freeman, superintendent of agents, Chicago; Frederick Wendler, general manager in the St. Louis office; Charles F. Day, Kansas City; James T. Minehart, Robert B. Pender, Pittsburgh; Joseph Stevens, Kansas City; W. W. Fellers, Kansas City; J. H. Worman, St. Louis, and Joseph Finkelman, St. Louis.

Freeman and Wendler were declared by the prosecution to be the chief offenders. The others were employees. No sentences will be imposed until arguments are heard upon a motion for a new trial.

**REJOICING AT WASHINGTON**

News of Huerta's Resigning Seen as First Step in Solving Problem.

Washington, July 16.—News of General Huerta's resignation as provisional president of Mexico was hailed by official Washington as the first practical step toward a quick solution of the Mexican problem.

Constitutionalists, diplomats and officials of the United States government did not conceal their satisfaction over the fact that General Huerta at last had voluntarily eliminated himself from the situation and pointed the way to an era of peace in his country. Although the Constitutionalists have declared they would not recognize Francisco Carbajal as provisional president any more than they did his predecessors, and the United States government likewise will refuse to recognize him, the understanding here is that the new executive will hold office for but a short time—only until satisfactory arrangements can be made for the entry of General Carranza, the Constitutional chief.

**JONES FIGHT  
GROWS BITTER**

Committee Frames Slanderous Report, It Is Charged.

**ARE ACCUSED OF SUPPRESSION**

Opponents of Confirmation Claim Eight and Possibly Ten Democrats Will Vote Against Wilson's Choice For Reserve Board Member.

Washington, July 16.—Opponents of the confirmation of Thomas D. Jones of Chicago as a member of the federal reserve board are claiming that at least eight and possibly ten Democratic senators will vote against the president's choice.

On the other hand, champions of Mr. Jones still are hopeful and are exerting every effort to line up the votes necessary to override on the floor of the senate today the banking committee majority's adverse report.

Both sides profess to see added strength for their positions in the publication of Mr. Jones' testimony before the committee at its recent inquiry into his relations with the International Harvester company and the New Jersey Zinc company. The testimony was made public by unanimous vote after Senator Hitchcock, acting chairman of the committee, had submitted the majority adverse report in executive session. Mr. Jones had telegraphed that he welcomed publication of his statement.

**Stands With Wilson.**

In the course of his examination, the record showed, while defending the Harvester company and the actions of its board of directors since he became a member in 1913, Mr. Jones said he was thoroughly in accord with what he believed to be President Wilson's policy in destroying monopoly.

Publication of the majority findings was withheld by the senate pending submission of a minority report favoring Mr. Jones' confirmation, which probably will be filed today by Senators Hollis, Shafroth, Pomerene and Lee of Maryland. The majority report was signed by Senators Hitchcock and Reed, Democrats, and Nelson, Brewster, Crawford, McLean and Weeks, Republicans.

Bitterness, which has characterized the fight, reached a climax at a secret meeting of the committee. The Democratic minority, it is reported, charged that the majority were prejudicial in their findings, that they excluded from the report certain portions of Mr. Jones' testimony, using, in reaching their conclusions, portions of testimony which appeared unfair, when segregated from the rest, and, in fact, that the report was of a slanderous nature.

Majority senators are said to have replied that attention had been called in the minority report to matters that the majority might have failed to mention.

**HALIBUT TRU T IS IND CTED**

Booth and Other Companies Accused of Conspiring at Monopoly.

Seattle, July 16.—The federal grand jury returned indictments under the Sherman anti-trust law against the members of the so-called halibut trust, which controls most of the halibut sold in the United States.

Indictments were returned against the Booth Fisheries company, the Chopeck Fish company, the International Fisheries company, the San Juan Fishing and Packing company and the Occidental Fish company.

The indictments allege conspiracy to control and limit the supply and price of halibut taken from the waters of the North Pacific and North Atlantic oceans and Bering sea, to control the price paid to independent dealers for fish by making exorbitant and unreasonable bids against them, to control the price by refusing to bid against one another, to control the distribution of halibut through the markets by pretending competition against one another, to control prices by refraining from good faith competition in markets allotted by agreement among the indicted firms and to control the markets and prices by intimidation and coercion of independent dealers.

**Distributed Four Billion Fish.**

Secretary of Commerce Redfield has just been informed by the commissioner of fisheries that advance reports received from the fish cultural stations of the bureau of fisheries in all parts of the country indicate that during the fiscal year which closed June 30, 1914, the number of food and game fishes propagated and distributed by the bureau was considerably in excess of that of any previous year.

The output was approximately four billion, of which 485 million represented the migratory food fishes of the Atlantic coast streams, one billion the commercial fishes of the great lakes, four and a quarter billion the important food fishes of the North Atlantic coast, over 200 million the salmon of the minor interior waters.

Distributions of fishes suitable for stocking barren public waters, or for restocking public waters which have become depleted, were made in practically every state of the Union and in Alaska, while thousands of small inland ponds and lakes, the majority of them located on farms, were stocked with black bass, crappies, sunfishes, catfishes and other desirable species.

Of the enormous output for the year, 98 per cent represents the commercial food fishes and a very large percentage of these were hatched from eggs which would have been entirely lost had it not been for the activities of the bureau of fisheries.

Coincident with the augmented output there has been a decided improvement in the effectiveness of various branches of the fish cultural work, as an example of which may be mentioned the rearing to the fingerling and yearling stages of many millions of fish formerly distributed as fry. This feature of the work is to receive even greater attention hereafter, as most decided advances may be made along this line.

**Agricultural Extension Service Organized.**

The University of Missouri has taken another long stride in direct service to the people. The board of curators at their last meeting authorized a definite organization for carrying on extension work in agriculture and home economics. The new organization, designated as the Agricultural Extension Service, brings together all the members of the Agricultural College staff who have been directly associated with its extension activities and places the entire service under one administrative head.

A. J. Meyer has been appointed secretary of agricultural extension, in charge of all agricultural extension service. D. H. Doane continues as state leader of farm advisers, having general supervision of the work of thirteen farm advisers located in Pettis, Cape Girardeau, Scott, Buchanan, Jackson, Marion, Johnson, Dade, Audrain, Cooper, Greene, St. Francois, and Saline counties. R. H. Emberson will have direct charge of the boys' and girls' club work which he has already well under way in the three months since the work started.

More work is possible because of greater efficiency in organization and the increase of time which the worker will have.

## REFUSE REHEARING

SUPREME JUDGES SETTLE LINEBAUGH CASE FOR GOOD.

## PROBATED NEXT FALL

Appellants Claimed an Instruction Was Overlooked—Mandate to Be Entered in September Term.

The Linebaugh will case, involving the \$300,000 estate of Jacob Linebaugh, who died in October, 1910, has at last been settled. After the decision of the state supreme court, June 30, 1914, sustaining the will, the appellants, eight grandchildren of Jacob Linebaugh, filed a motion for a rehearing, but last Tuesday the court overruled the motion.

The appellants, in asking for a reconsideration of the case, stated that the supreme court had overlooked the fact that the circuit court here had refused to grant a certain instruction. The instruction was in regard to a discrimination in the will which gave some of the heirs more than others and thus showed, the appellants claim, that the testator, Jacob Linebaugh, was of unsound mind and had been unduly influenced in making the will. In answering the statement, the supreme court says the circuit court did not err in declining this instruction, as the point was fully covered by other instructions.

The mandate of the supreme court will be entered at the September term of circuit court, and the final dispositions of the case in probate court will be made afterward.

The case has been in litigation since June 28, 1911.

## STANBERRY GIRL FREE.

Grace Maudin Jones Dismissed When Iowa Jeweler Pays Costs.

The following is from the St. Louis Republic about a Stanberry girl:

Miss Grace Maudin Jones, "the girl with the \$10,000 wardrobe," who was arrested February 8 as a fugitive from justice on an \$800 bond, was released in Judge Clark's court yesterday when the case was dismissed after Emil H. Leffert, the complaining witness, had agreed to pay the costs.

Miss Jones, was accused of having left the Iowa town, having in her possession three diamond rings, valued at \$932, taken out on approval from Leffert's jewelry store.

St. Louis detectives trailed her by means of her excessive baggage from union station to the Planters hotel, thence to a house on Olive street and finally to a pretentious apartment in the 5900 block on Washington avenue.

Her trunks when brought to police headquarters, revealed a remarkable assortment of gowns, hats, shoes and lingerie.

Miss Jones is at the Missouri Baptist sanitarium suffering from neuritis of the spine, from which she may not recover, physicians say.

While in St. Louis Miss Jones became engaged to Joseph Schneider, 25 years old, a clerk in Jantzen's pharmacy, 4401 Olive street. Schneider engaged attorneys to defend the girl and resisted the efforts of the Iowa authorities to have her returned to Council Bluffs for trial.

Miss Jones is the daughter of Rev. L. W. Jones of Stanberry, Mo.

## A MISSOURI PRODUCTS DAY.

Would Observe Day and Commercial Associations Co-Operating in Exploiting Missouri Products.

Secretary Jewell Mayes of the state board of agriculture is planning a Missouri products day. The plan of Mr. Mayes, says the Columbia Tribune, contemplates that on the day to be designated as Missouri products day, all Missourians will eat and use, so far as is practical, only Missouri products. School children will be asked on that day to take in their dinner basket only edibles that were grown or produced in the state. Merchants will be asked to make their sales on that day, in so far as they can, from articles manufactured in Missouri factories or produced on Missouri farms or from Missouri manufactures.

Mr. Mayes will take the matter up with Governor Major next week and will ask that after his plans have materialized, a day be set aside by the governor to be observed as Missouri products day. He will also ask the operation of the allied commercial clubs of the state, the State Association and other organizations of the state that may be interested in this movement.

Mr. Mayes says that the Mississippi recently held a successful Mississippi products day that he will pattern his after that state.

To Visit Dover. Miss Ada Allen will leave Friday morning for Dover, where she will spend several weeks as the guest of her friends.

## WERE IN CLARINDA TORNADO.

Six Young Persons From Maryville Hurt in Storm Last Night—Shenandoah Struck Again.

The Democrat-Forum received a message today from Philip Colbert, who, with five other Maryville young persons went to Clarinda, Ia., yesterday morning, saying that a tornado struck that city about 7:30 o'clock last night, doing great damage. None of the Maryville persons, Misses Vella Booth, Mary Lewis, Olivette Godsey and Brownie Helpley and Verne Pickens and Philip Colbert, were hurt, although the house in which they are staying was slightly damaged.

The storm uprooted large trees and tore down buildings, and at Shenandoah, Ia., twenty miles west, the damage was greater than at Clarinda. This is the second tornado to strike Shenandoah within the week, the first one coming upon the town last Sunday evening and doing great damage.

The young persons from Maryville had been in Clarinda but a few hours when the storm struck the town. They went there to attend a house party given by Miss Doris Richardson, and will return home Saturday.

## NO 'PHONE COURTING THEN.

Early Instruments Made Private Conversation Impossible

Courting over the telephone was effectively barred when the "daddy of the telephone" was used in Missouri just prior to the introduction of the electric apparatus. The conversation of the person at the other end of the line could be heard all over the house.

Few persons now living have ever seen one of the old instruments. Even among those in the telephone business the old phone is almost a stranger. Large crowds of passers-by were attracted to one when it was recently exhibited in the window of a Kansas City telephone office. A large placard headed, "The Daddy of the Telephone," gave a brief explanation of the old telephone, which was used just prior to the introduction of the modern telephone about thirty years ago.

The old telephone was the same thing, on a larger scale, as the tin can telephone used by two boys between two back yards. It consisted of a large, tight wire with a stretched leather drum at each end. The drum was about five or six inches in diameter, and was stretched across a hole in a wooden box about a foot square and four inches thick. In the center of the drum, which was bent inward, was an iron knob, which was anchored to the box, and to which the wire was attached. This instrument served both as transmitter and receiver. To call the other end of the line one tapped on the metal knob. This made a noise something like a drum at the other end.

The wire used carried no current whatever. It was a six-ply wire, about as thick as a pencil. It was stretched from one house to another on poles. Frequently, however, it was just stretched across the houses. People were so desirous of seeing the new invention worked that they were willing to let a neighbor drive a nail in their houses to hold up the wire. The wire carried twenty pounds tension. It was held up by rope loops. The tension in the wire carried the vibrations of the voice.

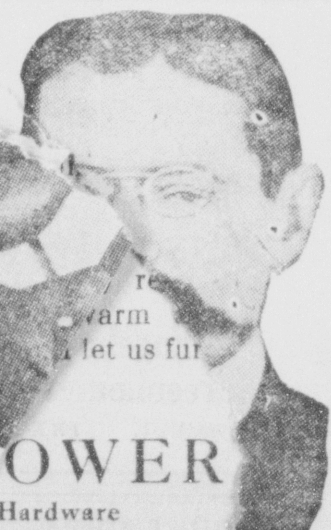

About a mile and a half was the farthest the old tension phone was ever used.—University Missourian.

## FAVOR ROAD DAYS

TOWNSHIP TRUSTEES PLAN AUGUST, 18-19 CAMPAIGN.

## THEY ASK ALL TO AID

Weeds Are to Be Cut, Corners Fixed, Holes Filled—Will Appoint District Captains.

The board members of Polk township is heartily in favor of another Good Roads Days campaign, as planned by Governor Elliott W. Major. The first of these campaigns was originated by Governor Major last summer, and the estimated improvement of the roads due to the work of 250,000 volunteers was valued at \$1,500,000.00. August 18 and 19 have been set aside as the Good Roads Days this year by the Governor.

E. H. Bainum, chairman of the township board, said today that plans were being made for extensive repairs on the township roads those two days. The board asks that every able bodied man in Polk township do his part in the road building. The trustees want the weeds along the roads cut, the corners fixed and made free from obstructions to view, ruts and holes filled and the roads put in first class condition.

This is different work from that which is being done with the \$50,000 bond issue. That money is being used for permanent repairs, the building of concrete bridges and culverts. This kind of work was not being done at the time of the "good roads days" last year, and the volunteer workers had to devote much of their time and labor to the repairing of wooden culverts. They will not have to do so again, but can put all of their work into temporary repairs, repairs that are made necessary each year by the wear of the travel on the roads.

The work will be carried on under the supervision of the township engineer, and the board will appoint captains to take charge of the work in each district. Complete plans will be worked out by the trustees before the time of campaign arrives, in order that the work may be made more effective. County Highway Engineer John Clary is also in favor of the movement. Last year he issued a proclamation asking the people of the county to observe the days, and he organized the work of the county. He will do the same again this year, and it is very probable that the other townships' boards will take up the work as the Polk township board has.

## SUES FOR \$500 DAMAGES.

Rollin O. Whitnack Asking For That Amount from Walter Cochran as a Result of an Auto Collision

A suit was filed in Circuit Clerk Rathbun's office today by Cook, Cummins & Dawson, attorneys, for Rollin O. Whitnack vs. Walter Cochran for \$500 damages. The petition states that the plaintiff was the owner of a 1900 automobile and on May 26, 1914, he was lawfully and in a careful manner driving his car going east along the public road leading from Clearmont to Burlington Junction. The defendant's auto, driven by his son, was going at a reckless and dangerous rate of speed, the petition alleges, and as they approached each other, the plaintiff promptly turned out to the edge while the defendant negligently failed to turn and collided with plaintiff's car.

Another suit filed today was A. F. Mutti and E. R. Brown vs. Charles M. Butler for an account for \$70.17. Cook, Cummins & Dawson are the attorneys for the plaintiffs.

## FINDS NEW FANGLED FLY.

It Attacks Horses, Not Wheat—Uncle Billy Tame Calls It a "Little Gray Devil."

Uncle Billy Tame of Hopkins, says the Journal, reports the presence of a new pest in this section—a little gray fly that causes stock more uneasiness than the big, old fashioned green heads.

He says when one of these little gray devils gets the right focus on a horse or cow, it will cause the animals to fairly jump out of their hides.

Has 135 Acres of 40-Bushel Wheat. Burman Wells has been threshing the wheat from his 135-acre crop this week, and it has averaged forty bushels to the acre. When the university men were here last spring inspecting the fields for the Hessian fly, they said that Mr. Wells' wheat was in the best condition of any fields they had seen.

## MRS. STURM DEAD.

Widow of John Sturm Died Wednesday Afternoon—Funeral Friday Morning.

Mrs. Magdalene Sturm, the widow of John Sturm, and one of the best known residents of Nodaway county, died Wednesday afternoon at the home of her son, Mike Sturm, three miles south of the city.

The funeral services will be held Friday morning at 9:30 o'clock at St. Mary's Catholic church, conducted by Rev. Father Willbrod. The interment will be made in St. Mary's cemetery. Mrs. Sturm was nearly 81 years old. She had always enjoyed remarkably good health until a few months ago. After the death of her husband, John Sturm, on April 9, 1913, she made her home with her children, and last winter spent the time with her son, Nick Sturm, and family in Maryville. About two months ago she went to the country home of her son to visit, and there was taken ill, her health falling gradually until her death.

Mrs. Sturm was born in Luxemburg, Germany, September 18, 1830. When quite a small girl she came to America to make her home. She is survived by ten children, Nick Sturm of this city, John Sturm of Clyde, Peter Sturm of St. Francis, Kan.; Charles Sturm of Alberta, Canada; Mrs. Sue Schumacher of Chicago, Mike and William Sturm, living south of the city; Mrs. Kate Mulholland of Pueblo, Col.; Matt Sturm of Conception and J. Theo. Sturm of Oklahoma City. All of the children were with their mother at the time of her death, with the exception of Charles, who is expected in the city Thursday night from Canada.

## NEW BOOKS AT LIBRARY.

In the List is the \$10,000 Prize Novel, Which the Reviewers Score.

A list of new books placed on the library shelves Wednesday includes a dozen popular fiction numbers and some new juvenile stories, particularly good for the summer months reading.

Among the books is "Diane of the Green Van," by Dalrymple, the novel that won the \$10,000 prize last spring for being the best novel out of more than 500 manuscripts submitted. The book reviewers have scored the judges, some of the most prominent literators of the country, for giving the prize to this book. Although the reviewers give it credit for being very readable for the summer season, they say it is a combination of the types of novels of the more famous writers of today. The hero follows his sweetheart, who is traveling over the country in a green van, and between every few sentences he smokes a cigarette and drinks a glass of whiskey. This continues throughout the book.

The list is as follows: Peg o' My Heart, Manners. The Third Diamond, Ellis. Fanny of the Forty Forks, Mathews. Diane of the Green Van, Dalrymple. Ariadne of Allanwater, McCall. Pollyanna, Porter. Miss Billy Married, Porter. Penrod, Tarkington. World Set Free, Wells. The Red Emerald, Scott. The Doctor's Dilemma, Shaw. Jane Sunshine, Warner. The Hoosier Volunteer—K. and V. Boyles. Juvenile: Boy Scouts on Swift River, Burgess. Wild Animals at Home, Seton. The Brownies Many More Nights, Cox. Nancy Lee's Spring Term—Warde. Annie Laurie and Azelea, Peattie. Polly of Lady Gay's Cottage, Burgess. Mother West Wind's Neighbors, Burgess. The Good Naughty Book, Rippey. Misadventures of Three Good Boys, Shute.

## Visiting Parents.

Mrs. Lula Dever and children of Wellington, Kan., are visiting in Maryville with her parents, Mr. and Mrs. James Gile.

## Colorado Visitor Here.

J. H. Moore of Colorado Springs, Col., arrived in Maryville Wednesday to spend a few days with his daughter, Mrs. Lincoln Bent.

Mrs. Ida Landon of Silver City, Ia., arrived at Bedison Thursday morning to visit Mr. and Mrs. Elmer Young.

## FIRST MAN GUILTY

FRANK SCULL FINED \$25 FOR GIVING LIQUOR TO DRUNKARD.

## ANOTHER ARREST MADE

Chet Gilbert Pleaded Not Guilty and Will Be Tried Monday—Two Cases Tomorrow.

Frank Scull, the first of three men to be tried on a charge of giving liquor to David Ferries, an habitual drunkard, was found guilty by the jury this morning and fined \$25. The other two men, T. J. Parle and William Blatter will be tried tomorrow, Mr. Parle at 9 o'clock in the morning and Mr. Blatter at 1 o'clock in the afternoon.

Mr. Scull was arrested yesterday morning upon information filed against him by David Ferries. He pleaded not guilty, and the case had to be set for today and tried before a jury. The jury members were Paul Saxon, foreman, Reuben Young, Edward Otis, W. L. Robey, John Porter and George Wallace.

The evidence brought in the trial this morning substantiated Mr. Ferries' statements and was denied by no one except Mr. Scull. Mr. Ferries was first brought to the witness stand. He said that he was strongly addicted to the use of liquor, was barred from the saloons and had to have other men get liquor for him. He said that Mr. Scull and the other men named in his information had procured liquor for him.

Mr. Ferries' testimony showed that on or about June 29 of this year, in the presence of several persons in front of Kane's saloon, he had given a \$5 bill to Frank McClain and asked to have it changed so that he could get a quarter out of it. Mr. McClain went into the saloon, had the bill changed and returned to Mr. Ferries with the money. Mr. Ferries then turned to Frank Scull and gave him a quarter. Mr. Scull went into the saloon, came out in a few moments and went to the courthouse. He was followed by David Ferries. This part of the testimony was corroborated by Mr. McClain and Mr. Scull. Mr. Scull said that the quarter given him was in payment of a debt.

Mr. Ferries then said that he met Mr. Scull in a toilet in the courthouse, that they each took a drink from a half-pint bottle of whiskey, and that he took the bottle from Mr. Scull, put it into his pocket and left. Mr. Scull denied that he gave any whiskey to Ferries. Under cross examination, Mr. Scull admitted that he served a term in the penitentiary at Jefferson City for receiving stolen goods.

W. H. Crawford, city attorney and Charles McCaffrey, attorney for Mr. Scull, were the lawyers in the case. The penalty for the offense of which Mr. Scull was found guilty may range from \$1 to \$100.

Chet Gilbert was arrested today on information filed by David Ferries, charged with same offense as that charged against Parle, Blatter and Scull. His trial has been set for Monday.

## NASH FUNERAL THURSDAY.

Body of Hopkins Man Buried Thursday Afternoon.

The funeral services of William Nash of Hopkins, who died Tuesday morning at the Soldiers' home in Leavenworth, were held Thursday afternoon at 2 o'clock at the home of Sargent Nash of Hopkins, conducted by the Rev. Harley Swift, pastor of the Christian church. The body was interred in the Hopkins cemetery.

## Hopkins Superintendent Elected.

Prof. J. L. Niemann of Wentzville, Mo., has been elected superintendent of the Hopkins schools. He succeeds Superintendent Lowry, who goes to Grant City, Mo.

## Returns to Creston.

Mrs. A. J. Hollenbeck of Creston, Ia., who has been taking treatment at the D. C. Wilson infirmary, returned to her home Wednesday.

Joseph Jackson, Sr., has bought a new Ford touring car.

## THERMOMETER GETS 98 HABIT.

Heat Just Won't Go Higher, Although People Swear It Does—1 Inch of Rain.

No, the thermometer didn't soar above the 100 mark yesterday, although many persons swore it did. Mr. Brink's machine has contracted the 98 habit, and can't get over (or above) it. Yesterday did seem one of the warmest days of the year, however, because of the humidity. In the evening the low hanging clouds made it seem warmer than it was in the middle of the day. The minimum was 71. The temperature at 1 o'clock this afternoon was 96, and the little shower that fell this morning filled Mr. Brink's measuring tank to the 1 of an inch mark.

## SERVICES UPTOWN

UNION MEETINGS TAKEN FROM FRANKLIN SCHOOL YARD.

## BEGIN NEXT SUNDAY

The Rev. S. D. Harkness to Preach First Evening—Street Will Be Roped Off and Cleaned.

The union Sunday evening meetings of the five Protestant churches will begin next Sunday, July 19. The place of the meetings has been changed from the Franklin school yard to the court house square.

The Ministerial Alliance today announced a change in the plan for the outdoor union services to be held during the hot weather. The original intention was to hold these services on the Franklin school grounds, but the county court has given the churches permission to use the band stand in the court house square, provided the people "keep off the grass."

The city officials have given their consent for the roping off of Main street west of the square, during the service so that the audience will be seated directly west of the band stand, and automobiles will be parked on the north side of the square.

The street space to be used will be cleaned before each service, and plenty of comfortable chairs will be placed for the use of the congregations. At 8 o'clock next Sunday evening the first service will be held. The Rev. S. D. Harkness will preach and the Baptist choir will be in charge of the music. The ministers who will preach at the other meetings are:

July 26, the Rev. Gilbert S. Cox of the First Methodist church. August 2, the Rev. L. M. Hale of the First Baptist church. August 16 and 23, Chautauqua. August 30, the Rev. J. D. Randolph of the Buchanan Street Methodist church.

## To Visit at Barnard.

## LINEBAUGH SUED

SEDUCTION IS CHARGED AGAINST WILLIAM, GRANDSON OF JACOB.

## ABBOTT ASKS \$15,000

Lulu Abbott is 17-Year-Old Mother—Suit Coincident With Settlement of \$300,000 Will Case.

Information was filed today against William W. Linebaugh, grandson of the late Jacob Linebaugh, the suit against whose will has just been settled, charging him with the seduction of Lulu F. Abbott, the 17-year-old daughter of Charles S. Abbott, a farmer who lives near Elmo. Sheriff Wallace went to Clearmont this morning and served the papers on Mr. Linebaugh this afternoon.

Miss Abbott is the mother of a few months old baby, and her father, suing Linebaugh, asks for \$15,000 damages, \$10,000 actual and \$5,000 punitive damages.

The information filed against Mr. Linebaugh says that in January, 1913, by false promises, he seduced and assaulted Miss Abbott, and that he repeated the offense at divers times later. Charles S. Abbott, the father, says that due to the disgrace to the girl and the family and the loss of her services about the home, and the expenses connected with her sickness attendant upon the birth of her child the family has been greatly damaged, and he asks that the court give him judgment for \$15,000 and costs.

The case will be brought to trial in the September term of court. Mr. Abbott's attorneys are George Pat Wright and M. E. Ford.

The filing of this charge against young Mr. Linebaugh, who is one of the heirs to the \$300,000 estate of Jacob Linebaugh, is coincident with the supreme court's decision overruling a rehearing of the case. This decision finally settles in favor of the defendants the matter of the suit to break the will.

## N. R. STAPLES BADLY INJURED.

Burlington Junction Man Seriously Hurt in the Storm at Clarinda Wednesday.

N. R. Staples of Burlington Junction was very seriously hurt Wednesday afternoon during the tornado at Clarinda, when he was struck on the head with the falling limb of a tree. The impact rendered Mr. Staples unconscious, and he remained in that state all night, and Thursday morning he rallied slightly, but his condition is very critical. On account of the wires between Clarinda and Burlington Junction being broken in the storm, the reports of Mr. Staples' condition have been meager.

The injured man's father, Judge N. W. Staples, accompanied by his son Bert and his nephew, Will Staples, left for Clarinda in an auto Wednesday evening. At the time of the accident Mr. Staples and his wife were visiting at Clarinda and were driving along the street in their auto when the tornado broke. Mr. Staples is being taken care of at the Henshaw hotel.

## SKIDMORE CHAUTAUQUA.

Special Entertainers Engaged For Saturday in Place of Wednesday Company.

Because of the failure of the Chicago Ladies' Orchestra to arrive in Skidmore to furnish the Chautauqua program Wednesday, the management of the week have obtained another company to give a program Saturday, and the Chautauqua will not close until Saturday night instead of Friday. The Chicago company missed a train, and in the absence of the regular scheduled number an impromptu entertainment was given by some Skidmore talent. The Saturday entertainers are of high grade and will give the people one of the best programs of the week.

## TELLS SHERIFF TO HOLD CAR.

J. C. Dawson Didn't Want Son to Get Auto From Garage, But Duane Drives It Home.

Duane Dawson, who ran away from his home in Grant City, Mo., Monday with his father's six-cylinder car, came to Maryville and had trouble in cashing a check to pay his garage bill, didn't get the car after the bill was settled. His father, John C. Dawson of the Citizens bank of Grant City, telephoned to Maryville this morning and asked that the sheriff hold the car. He said a driver would be sent from Grant City to get it. But Duane fired a shot to return home, and noon took the car in the same direction.

He had car to a banker Tuesday, who was ordered to father a check. Duane cashed the check.

### A LORD'S DAY CONGRESS.

International Assembly, Open to All.  
Will Meet at Panama-Pacific Exposition.

One of the most important and outstanding of the assemblies which will convene at the Panama-Pacific exposition, will be the International Lord's Day Congress, to be held in July.

In keeping with the custom of giving large place to such a congress at international expositions, representatives of various Lord's Day and Sabbath organizations, since first meeting together in New York on January 22 last and determining upon such a congress, have given much time and thought to the development of all necessary plans. The preliminary arrangements are already well advanced. A general committee of arrangements has been organized and an Executive Committee elected, to which has been committed the principal work of perfecting the plans of the congress.

There is an honorary council, consisting of the presidents of great organizations, uniting in the arrangements together with prominent leaders in state and church, in education and industry, throughout the civilized world. At the head of the honorary council is the President of the United States, Woodrow Wilson.

The platform of principles has been prepared, setting forth the meaning of the Sabbath and pointing out the duty of all the great historic branches of the Christian church in its regular observance of the Lord's day as the day of rest and worship. It states the aim of the congress and shows the relation of the state to the Lord's day, and holds "that the weekly rest-day has become a civil institution, embodied in law and custom, thus safeguarding the physical, social, economic and spiritual privileges of all citizens." This platform of principles and the program now being prepared will later on be published in full.

The program will cover the broad question of all its world-wide aspects. There will be first of all a world's survey, country by country, of the conditions of the problem in every land.

In addition the congress will deal (1) with the religious and moral aspects of the Sunday problem, (2) with the industrial and economic, (3) with the hygienic and social, (4) with the legal and governmental.

There will also be an attempt to formulate a program for a concerted advance and for the direction of those who are interested in promoting the due observance of the Lord's day.

Not only all Lord's day and Sabbath organizations, churches, Bible schools, religious and educational societies are invited to enroll among those promoting the congress and to send delegates to its meetings, but also workmen of the unions, associations of trades, manufacturers, commerce, reform and civic and social betterment.

Kansas Guests Leave.  
Mr. and Mrs. C. H. Eaton of Montrose, Kan., who have been visiting at the home of Mr. and Mrs. U. I. Wilson and Mr. and Mrs. S. L. Beech, left Thursday morning for their home. En route they will stop at Endicott and Hebron to visit relatives.

### AUTO RACES WITH TRAIN.

Hopkins Man Speeds His Car Faster Than the Burlington From Maryville Home.

Sam Tatman, the Barney Oldfield of Hopkins, was at the depot in Maryville the other day when the noon passenger pulled out for this city. He jumped in his Buick and had the car backed up at the Pickering depot when the train pulled into that town.

He waited until the conductor gave the "highball" for Hopkins, when he hopped into the auto, pulled her wide open and shot up the bottom road like a streak of lightning, beating the passenger train to the McCleave crossing with ease. Many watched the race from the car windows and saw Mr. Tatman fairly burned the roads. Such driving is too dangerous to be tolerated; not only dangerous to those making the fast run, but dangerous to all who happen to be on the highway. —Hopkins Journal.

### Meat Prices in New York Go Up.

New York, July 16.—Retail prices of meats were raised 1 to 3 cents in New York City. Dealers state that wholesale prices of beef—now higher than at any time before in twenty years—have increased 4 cents and retail prices 2 cents in three weeks in the New York cattle market, reaching 10c a pound for pound for cattle on the hoof in Jersey City this week. In pork a rise of 20 cents has been recorded, while mutton alone has not increased in price.

Shoots Sweetheart and Kills Himself.  
San Francisco, July 16.—Decoying his sweetheart, Miss Alice Wallace into a private booth in a cafe, George Hunsin, a sailor on the cruiser West Virginia, shot her through the body and then killed himself. Miss Wallace has slight chances of recovery. Austin, who lost returned from a cruise, alleged that the young woman has been receiving attentions from other men.

Militants Attack Cabinet Minister.  
London, July 16.—Two militant suffragettes made a violent attack on Thomas McKinnon Wood, secretary of state for Scotland, as he was leaving his residence. The women were armed with heavy horsewhips, with which they struck Mr. Woods several times across the shoulders. They were arrested.

Nurse Accused of Killing Partner.  
San Jose, Cal., July 16.—Evelyn J. Rinehardt, a nurse, sought for the alleged murder of her companion and partner, Mrs. Kathleen Blunt, was arrested here on a warrant issued in Placer county. Miss Rinehardt is charged with having killed Mrs. Blunt in order to collect her life insurance.

Gives Up Attempt to Swim Channel.  
Boulogne, July 16.—Jabez Wolfe English amateur long distance swimmer, was forced by a rising wind and sea to abandon his attempt to swim across the English channel.

### MARYVILLE DRUGGIST HAS VALUABLE REMEDY

The Koch Pharmacy has the Maryville agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, the remedy which became famous by curing appendicitis. The simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. The QUICK action of Adler-ika is astonishing.

### BETTING IN LONDON IS NEARLY EVEN

Odds on Smith-Carpentier Fight  
Slightly Favor Frenchman.

London, July 15.—Boxing experts here show a remarkable even division of opinion as to the chances of "Gunboat" Smith, the American heavyweight, and George Carpentier, the French heavyweight champion, in their twenty-round match to be fought at Olympia tonight. The betting odds were perhaps a shade in favor of the Frenchman, but this was due probably to the enthusiasm of his countrymen, great numbers of whom have crossed the English channel to support their hero. They brought with them a great deal of money to back their compatriot, whom they describe as a "fighting boxer," while they call Smith a "boxing fighter," and they contend that science is bound to defeat the transatlantic punch.

Interest in the contest is enormous and the attendance promises to create a record for this country.

Miss Ethel Muntz of Bedford, Ia., visited friends in Maryville Wednesday and left in the evening for Burlington Junction to visit Miss Bertha Schmauder.

## The Lenox Torrid Zone Steel Furnace

Has been on the market one-fourth a century and we have installed them for nineteen years. This is a long time to stick to one make of furnace, and, of course, there is a reason for so doing. Experience has proven **Torrid Zone Furnace** to be far superior and durability economy of fuel and efficiency in delivering warm air to the rooms desired.

### Construction.

The Furnace Shell one piece of steel, the top, bottom and feed door frame is of steel and riveted, gas tight, wrought steel rivets driven home with pneumatic riveters.

The Radiator is hung to the smoke outlet on a WEDGED JOINT, the more the heat expands the tighter the joint becomes. The DIVIDING FLUE extends to within eight inches of the bottom causing the heat to travel three times the length of the radiator before passing into the smoke flue.

These are a few of the many reasons of the **Torrid Zone's** success as a warm air heating plant. Bring in your plans and let us furnish estimates on heating the home.

**HUERTA RESIGNS;  
QUITS CAPITAL**

Presents Long Expected Document to Chamber of Deputies.

**CARBAJAL ASSUMES OFFICE.**

Name of Provisional President Is Cheered by Members of Parliament. Body and Spectators Present. All Members of His Cabinet Resign.

Mexico City, July 16.—General Victoriano Huerta resigned from the provisional presidency of the Mexican republic and his resignation was accepted by the senate and chamber of deputies by a vote of 121 to 17.

Francisco Carbajal was then appointed president and took the oath of office at the joint session of deputies and senators.

Huerta's resignation was submitted through the department of foreign relations. It was read in the house and greeted with cries of "Viva Huerta!" It was then referred to the joint committees of government. After brief consideration the committees reported, accepting the resignation in the following terms:

"Article I.—We accept the resignation presented by General Victoriano Huerta as president of the Mexican United States.

"Article II.—We call Licentiate Francisco Carbajal, minister of foreign relations, to assume the presidency."

A ballot was taken and the joint session approved the report. President Carbajal proceeded to the national palace under an escort of presidential guards and all along the way was greeted with tumultuous cheering.

General Huerta and General Blanquet have left the capital. They boarded a train on the Mexican railway a few miles beyond the city. It is thought they are going to Puerto Mexico.

Before his departure Huerta went to the national palace to pay his respects to President Carbajal. "There was complete lack of disorder in the capital and the theaters and cafes were crowded. The populace is now hopeful that peace is in sight. Huerta's popularity apparently increased greatly after his resignation, as Mexicans now look upon him as a good loser.

**Scores U. S. Government.**

The text of General Huerta's resignation follows:

"Deputies and Senators: You all know the immense difficulties which my government has encountered owing to a scarcity of funds, as well as to the manifest and decided protection which a great power of this continent has afforded to the rebels—so much so that when the revolution had been broken up, seeing that its chief leaders were and continued to be divided the power in question sought a pretext to intervene directly in the conflict and the result of this was the outrage committed at Vera Cruz by the American fleet.

"Success was had, as you know, in adjusting honorably, through our delegates at Niagara Falls, the petty Tampico incident, but the revolution continued with the support of whom we all know.

"After the highly patriotic work achieved by our delegates at Niagara Falls there are still some who say that I seek my personal interest and not that of the republic. And as I need to refute this allegation with facts I tender my formal resignation of the presidency of the republic.

"The national congress must know that the republic, through its government, has labored in entire good faith and with the fullest energy, having succeeded in doing away with the party, which in the United States calls itself Democratic, and having shown how the right should be defended.

"To be more explicit, I will say that the action of the government of the republic during its short life has dealt death blows to an unjust power. Later on stronger workers will come, using implements that undoubtedly will end that power, which has done so much harm and committed so many outrages on this continent.

"In conclusion, I will say that I abandon the presidency of the republic carrying with me the highest sum of human wealth, for I declare that I have arraigned at the bar of universal conscience the honor of a Puritan, whom I, as a gentleman, challenge to wrest from me that possession.

"May God bless you and me."

Victoriano Huerta took oath as provisional president of Mexico on Feb. 19, 1913, the day after Francisco I. Madero had been arrested at the national palace. Three days later Madero and Jose Maria Pino Suarez, vice president, were shot to death on a midnight ride under guard from the palace to the penitentiary. The manner of the death has never been satisfactorily explained.

**Villa Is Vexed.**

Juarez, Mexico, July 16.—"I would much prefer that Huerta had remained in the chair in Mexico City until we could get our hands on him," General Villa said in Juarez when he learned of Huerta's reported resignation. "That is the only comment I care to make on the subject," he added. "I am a soldier of my country and do not care to express my opinion of the traitor's resignation."

**SECURE MILLIONS  
BY MAIL FRAUDS**

Nine Connected With Barr and Widen Convicted in Chicago.

Chicago, July 16.—The closing chapter in the Barr & Widen case, involving charges of obtaining an aggregate of \$1,000,000 by fraudulent use of the mails, was written in the United States district court here when nine defendants connected with the company were convicted. The firm was founded in 1901 by James Barr and Joseph Widen as the Barr & Widen Mercantile Agency and at first did a legitimate business. Barr dropped out and Abram H. Freeman and Frederick Wendler came in.

The firm was accused of duping creditors of bankrupt firms by stating that it could recover hidden assets. In this way they received large premiums from persons all over the country, but recoveries from bankrupt firms were practically nil.

When the government brought its charges Widen committed suicide, taking poison on his mother's grave in a St. Louis cemetery. Those convicted were Abram H. Freeman, superintendent of agents, Chicago; Frederick Wendler, general manager in the St. Louis office; Charles F. Day, Kansas City; James T. Minehart, Robert B. Pender, Pittsburgh; Joseph Stevens, Kansas City; W. W. Fellers, Kansas City; J. H. Worman, St. Louis, and Joseph Finkelman, St. Louis.

Freeman and Wendler were declared by the prosecution to be the chief offenders. The others were employees. No sentences will be imposed until arguments are heard upon a motion for a new trial.

**New Haven Shares Drop Below Fifty.**

New York, July 16.—Urgent selling of New Haven shares, which declined to a new low record on the stock exchange at 49½, was attended by a considerable unsettlement elsewhere in the stock market.

**REJOICING AT WASHINGTON**

News of Huerta's Resigning Seen as First Step in Solving Problem.

Washington, July 16.—News of General Huerta's resignation as provisional president of Mexico was hailed by official Washington as the first practical step toward a quick solution of the Mexican problem.

Constitutionalists, diplomats and officials of the United States government did not conceal their satisfaction over the fact that General Huerta at last had voluntarily eliminated himself from the situation and pointed the way to an era of peace in his country.

Although the Constitutionalists have declared they would not recognize Francisco Carbajal as provisional president any more than they did his predecessors, and the United States government likewise will refuse to recognize him, the understanding here is that the new executive will hold office for but a short time—only until satisfactory arrangements can be made for the entry of General Carranza, the Constitutional chief.

Committee Frames Slanderous Report, It Is Charged.

**ARE ACCUSED OF SUPPRESSION**

Opponents of Confirmation Claim Eight and Possibly Ten Democrats Will Vote Against Wilson's Choice For Reserve Board Member.

Washington, July 16.—Opponents of the confirmation of Thomas D. Jones of Chicago as a member of the federal reserve board are claiming that at least eight and possibly ten Democratic senators will vote against the president's choice.

On the other hand, champions of Mr. Jones still are hopeful and are exerting every effort to line up the votes necessary to override on the floor of the senate today the banking committee majority's adverse report.

Both sides profess to see added strength for their positions in the publication of Mr. Jones' testimony before the committee at its recent inquiry into his relations with the International Harvester company and the New Jersey Zinc company. The testimony was made public by unanimous vote after Senator Hitchcock, acting chairman of the committee, had submitted the majority adverse report in executive session. Mr. Jones had telegraphed that he welcomed publication of his statement.

**Stands With Wilson.**

In the course of his examination, the record showed, while defending the Harvester company and the actions of its board of directors since he became a member in 19-9, Mr. Jones said he was thoroughly in accord with what he believed to be President Wilson's policy in destroying monopoly.

Publication of the majority findings was withheld by the senate pending submission of a minority report favoring Mr. Jones' confirmation, which probably will be filed today by Senators Hollis, Shafroth, Pomerene and Lee of Maryland. The majority report was signed by Senators Hitchcock and Reed, Democrats, and Nelson, Bristow, Crawford, McLean and Weeks, Republicans.

Bitterness, which has characterized the fight, reached a climax at a secret meeting of the committee. The Democratic minority, it is reported, charged that the majority were prejudicial in their findings, that they excluded from the report certain portions of Mr. Jones' testimony, using, in reaching their conclusions, portions of testimony which appeared unfair, when segregated from the rest, and, in fact, that the report was of a slanderous nature.

Majority senators are said to have replied that attention had been called in the minority report to matters that the majority might have failed to mention.

**HALIBUT TRU T IS IND CTED**

Booth and Other Companies Accused of Conspiring at Monopoly.

Seattle, July 16.—The federal grand jury returned indictments under the Sherman anti-trust law against the members of the so-called halibut trust, which controls most of the halibut sold in the United States.

Indictments were returned against the Booth Fisheries company, the Chlopek Fish company, the International Fisheries company, the San Juan Fishing and Packing company and the Occidental Fish company.

The indictments allege conspiracy to control and limit the supply and price of halibut taken from the waters of the North Pacific and North Atlantic oceans and Bering sea, to control the price paid to independent dealers for fish by making exorbitant and unreasonable bids against them, to control the price by refusing to bid against one another, to control the distribution of halibut through the markets by pretending competition against one another, to control prices by refraining from good faith competition in markets allotted by agreement among the indicted firms and to control the markets and prices by intimidation and coercion of independent dealers.

**Distributed Four Billion Fish.**

Secretary of Commerce Redfield has just been informed by the commissioner of fisheries that advance reports received from the fish cultural stations of the bureau of fisheries in all parts of the country indicate that during the fiscal year which closed June 30, 1914, the number of food and game fishes propagated and distributed by the bureau was considerably in excess of that of any previous year.

The output was approximately four billion, of which 485 million represented the migratory food fishes of the Atlantic coast streams, one billion the commercial fishes of the great lakes, four and a quarter billion the important food fishes of the North Atlantic coast, over 200 million the salmon of the minor interior waters.

Distributions of fishes suitable for stocking barren public waters, or for restocking public waters which have become depleted, were made in practically every state of the Union and in Alaska, while thousands of small inland ponds and lakes, the majority of them located on farms, were stocked with black bass, crappies, sunfishes, catfishes and other desirable species.

Of the enormous output for the year, 98 per cent represents the commercial food fishes and a very large percentage of these were hatched from eggs which would have been entirely lost had it not been for the activities of the bureau of fisheries.

Coincident with the augmented output there has been a decided improvement in the effectiveness of various branches of the fish cultural work, as an example of which may be mentioned the rearing to the fingerling and yearling stages of many millions of fish formerly distributed as fry. This feature of the work is to receive even greater attention hereafter, as most decided advances may be made along this line.

**Agricultural Extension Service Organized.**

The University of Missouri has taken another long stride in direct service to the people. The board of curators at their last meeting authorized a definite organization for carrying on extension work in agriculture and home economics. The new organization, designated as the Agricultural Extension Service, brings together all the members of the Agricultural College staff who have been directly associated with its extension activities and places the entire service under one administrative head.

A. J. Meyer has been appointed secretary of agricultural extension, in charge of all agricultural extension service. D. H. Doane continues as state leader of farm advisers, having general supervision of the work of thirteen farm advisers located in Pettis, Cape Girardeau, Scott, Buchanan, Jackson, Marion, Johnson, Dade, Audrain, Cooper, Greene, St. Francois, and Saline counties. R. H. Emberson will have direct charge of the boys' and girls' club work which he has already well under way in the three months since the work started. More work is possible because of greater efficiency in organization and the increase of time which the worker will have.

Dr. and Mrs. W. P. Stuckie of Clyde spent Thursday on a business trip in Maryville.
